

## ABOUT ME

I like to spend my free time working out at the gym or relaxing with some video games. I enjoy going to parties and festivals too, so who knows we might have already met!

## CS STUDENT SPECIALISING IN AI

## OBJECTIVE

As a student, I am developing various skills. Now the time has come to choose my path and specialize myself in a field. My choice being Artificial Intelligence. I hope to find a suitable internship this semester where I can progress my skills and learn great things in the field from likeminded people with a great passion for technology.

## EXPERIENCE

### STUDENTAANHUIS

#### ON SITE TECH SUPPORT

(11/2020 - Present)

At Studentaanhuis I use my passion for tech for the greater good! Helping clients with software and hardware related problems daily. I put myself into a tutoring role so that the client can learn along the way. It is a very social job and by doing my best and having fun I have received great client satisfaction.
